

# 1. We live on planet Earth

We want to make life on this planet worth living.

# 2. Life is diversity

We see humans as a form of life.

We respect all forms of life.

This is

# 3. Life is nature

Nature conservation is always part of the basis of our actions.

# The Manifest of Life

# 4. Life is Peace

War is hostile to life.

We abhor war.

# 5. Life is freedom

Freedom means that body and mind are unimpeachable and every living being may decide for their own life.

# 6. Life is solidarity

We are committed to cooperation to unfurl and protect our individual lives and to preserve freedom.

Cooperation must be based on democratic rules.

# 7. Let us live this way!

No state, institution, person or other being shall restrict the freedom of any living being, except it is required within the framework of solidarity.
